### **Goodrich Team in Princeton, New Jersey Recognizes National Aerospace Day**

PRINCETON, NJ, SEPTEMBER 16, 2009 – Goodrich Corporation’s (NYSE: GR) ISR Systems team in Princeton, New Jersey is recognizing National Aerospace Day today in honor of their contributions to the local economy through providing products that promote safe flight and help make the nation secure.

The Princeton facility employs 83 people in disciplines including engineering, manufacturing, finance, marketing and many other functions. Primary products produced by the team include short wave infrared (SWIR) cameras for defense and industrial applications. The team is also active in the local community, participating in projects such as The Susan G. Komen Race for the Cure and hosting a blood drive for The American Red Cross.

Ed Hart, VP and General Manager of the Goodrich team in Princeton, said “As part of the Aerospace and Defense industry, the Goodrich Princeton team is very pleased to be recognized on National Aerospace Day. The Princeton area has always been an important contributor to national security, and our small Princeton operation is no exception. We have a fantastic workforce, dedicated to our nation’s security, and we work every day to advance technologies designed to keep our forces safe.”

National Aerospace Day is sponsored by the Aerospace Industries Association to recognize the aerospace and defense industry’s importance as a strategic contributor to the United States. See [www.aia-aerospace.org/national\\_aerospace\\_day/](http://www.aia-aerospace.org/national_aerospace_day/) for more information.

Goodrich Corporation, a *Fortune* 500 company, is a global supplier of systems and services to aerospace, defense and homeland security markets. With one of the most strategically diversified portfolios of products in the industry, Goodrich serves a global customer base with
